

Our Wine List

We take significant pride in our wine list, which consists of over 400 selections. Tim Bartlett, our general manager, my wife Vivian and I have invested a great deal of time and effort to provide something for everybody with our wines ranging from affordable and accessible to more sophisticated and often times hard to find.

Cap's has received Wine Spectator magazine's prestigious "Award of Excellence" for six consecutive years. This award recognizes the wide variety of choice plus the fair pricing of our list. Our unique and customer friendly mark up policy is well below what you would normally find in a restaurant and at times even lower than retail prices! So you can afford to drink an "expensive" bottle, or maybe even two. We hope you enjoy your wine experience at Cap's on the Water, and encourage you to be daring and try something new!

Our wine list is categorized first by grape variety, then by price. Most categories feature a "Best Value" selection, pointing out an exceptional pairing of price and quality. Due to our high sales volume, we sometimes run out of certain vintages or selections. Please check the label on the bottle upon presentation. In addition to this list, we often feature wines as "specials", which can be found on the last page of your dinner menu.

When available, we list ratings from Wine Spectator Magazine (WS) and Robert Parker (RP). Although the rating system is no guarantee for good taste, it is best used as a guideline for quality. In the back of this menu you find a "ratings list". All rated wines are categorized by their ratings, from high to low. Note that these are not additional selections, but our current wine list presented in a different way.

Remember, the only thing that matters is your taste and hopefully you will add Cap's on the Water to your list of great wine destinations.

Wine and Cheese

Hard to beat that combination. Pair one of your wine choices with our artisan Cheese Plate.
Aged Gouda, a blue cheese and a third cheese with a slice of fig bread with walnuts, honey and toast points.

The Ratings List

This list is comprised of all the wines on our wine menu that are rated by either Wine Spectator (in black) or Robert Parker (in blue). Some wines are rated by both magazines, which is why they would appear twice in a category.

As stated in the beginning of our menu, ratings are subjective and should be used as a guideline only. There are more great wines on our menu that are not rated and are fantastic wines as well.
